DETAILED ACTION

Response to Amendment

1. Claims 5 and 6 have been amended as requested in the amendment filed on June 24, 2004. Claims 4-6 and 9-13 are pending in the instant application.
2. Upon reconsideration, the finality of the rejection of the last Office action is withdrawn. New grounds of rejections are as follows.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 4-6 and 9-13 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.
4. Claim 4 is vague and indefinite for recitation in section (b) “detecting the amount of human kallikrein 6”. Applicant is advised that term “to detect” defines discovery of the presence of a substance rather than a process of measurement of the amount. Suggested terms to use instead of “detecting the amount” to obviate this ground of rejection would be “determining the amount”, “measuring the amount” or “quantifying the amount”, for example.
5. Claims 5 and 6 are vague and ambiguous for recitation “detecting the hK6 by measuring the amount” for those reasons of record as applied to claim 4 in section 4 of the instant office action. Briefly, act of detecting does not directly correspond to measuring the amount, thus, making the instant recitation confusing in terms.

6. Claims 5-6 are further indefinite for reciting steps (a)-(c) or (a)-(d), respectively. Claims 5-6 are dependent claims and, therefore, must include all the limitations of the claim from which they depend. Claims 5-6 depend from claim 4, which recites three steps, (a), (b) and (c). Thus, it is not obvious how steps recited in claims 5-6 relate to the steps of claim 4. Are these steps additional or replacement steps? Furthermore, in case of claim 9, which depends from claim 6, it is not clear and cannot be determined from the claim if reference to step (a) relates to the step in claim 6 or in claim 4. Clarification is required.

7. Claims 9-13 are indefinite for being dependent from indefinite claims.

Conclusion

8. No claim is allowed.
